RAISE THE PADDLE

Raise the Paddle for Our Children and Our School

Lets bring our children the gift of new technology and their school the gift of new windows.

It is not what's on the outside that matters, right? Well, we would still like to make the outside a tad pretty, and with your donations during raise the paddle we hope to raise funds to help replace some of the windows at our school.

Now, to what's on the inside that matters most...This raise the paddle aims to also bring the gift of technology to our kids for their classrooms. The gift of new technology is something that we can continue to give and update yearly to our kids to help provide them with access to the best programs and software possible.

Now who wants to raise the paddle and help get our kids some new technology and new windows?!
